**SUBJECT: NL Industries, Inc. Superfund Site; Pedricktown, New Jersey
Groundwater Monitoring**

CSI completed groundwater monitoring activities at the NL Industries Site in Pedricktown on January 20, 2004. As part of groundwater sampling activities, CSI collected samples from the following residential/commercial properties:

1. Hodge (formerly McCourt, 201 US Route 130;
2. Gates, 197 US Route 130;
3. Cruz, 195 US Route 130;
4. Butcher, 189 US Route 130;
5. Eyler, 167 US Route 130; and
6. Sopko (formerly Cassano), 165 US Route 130.

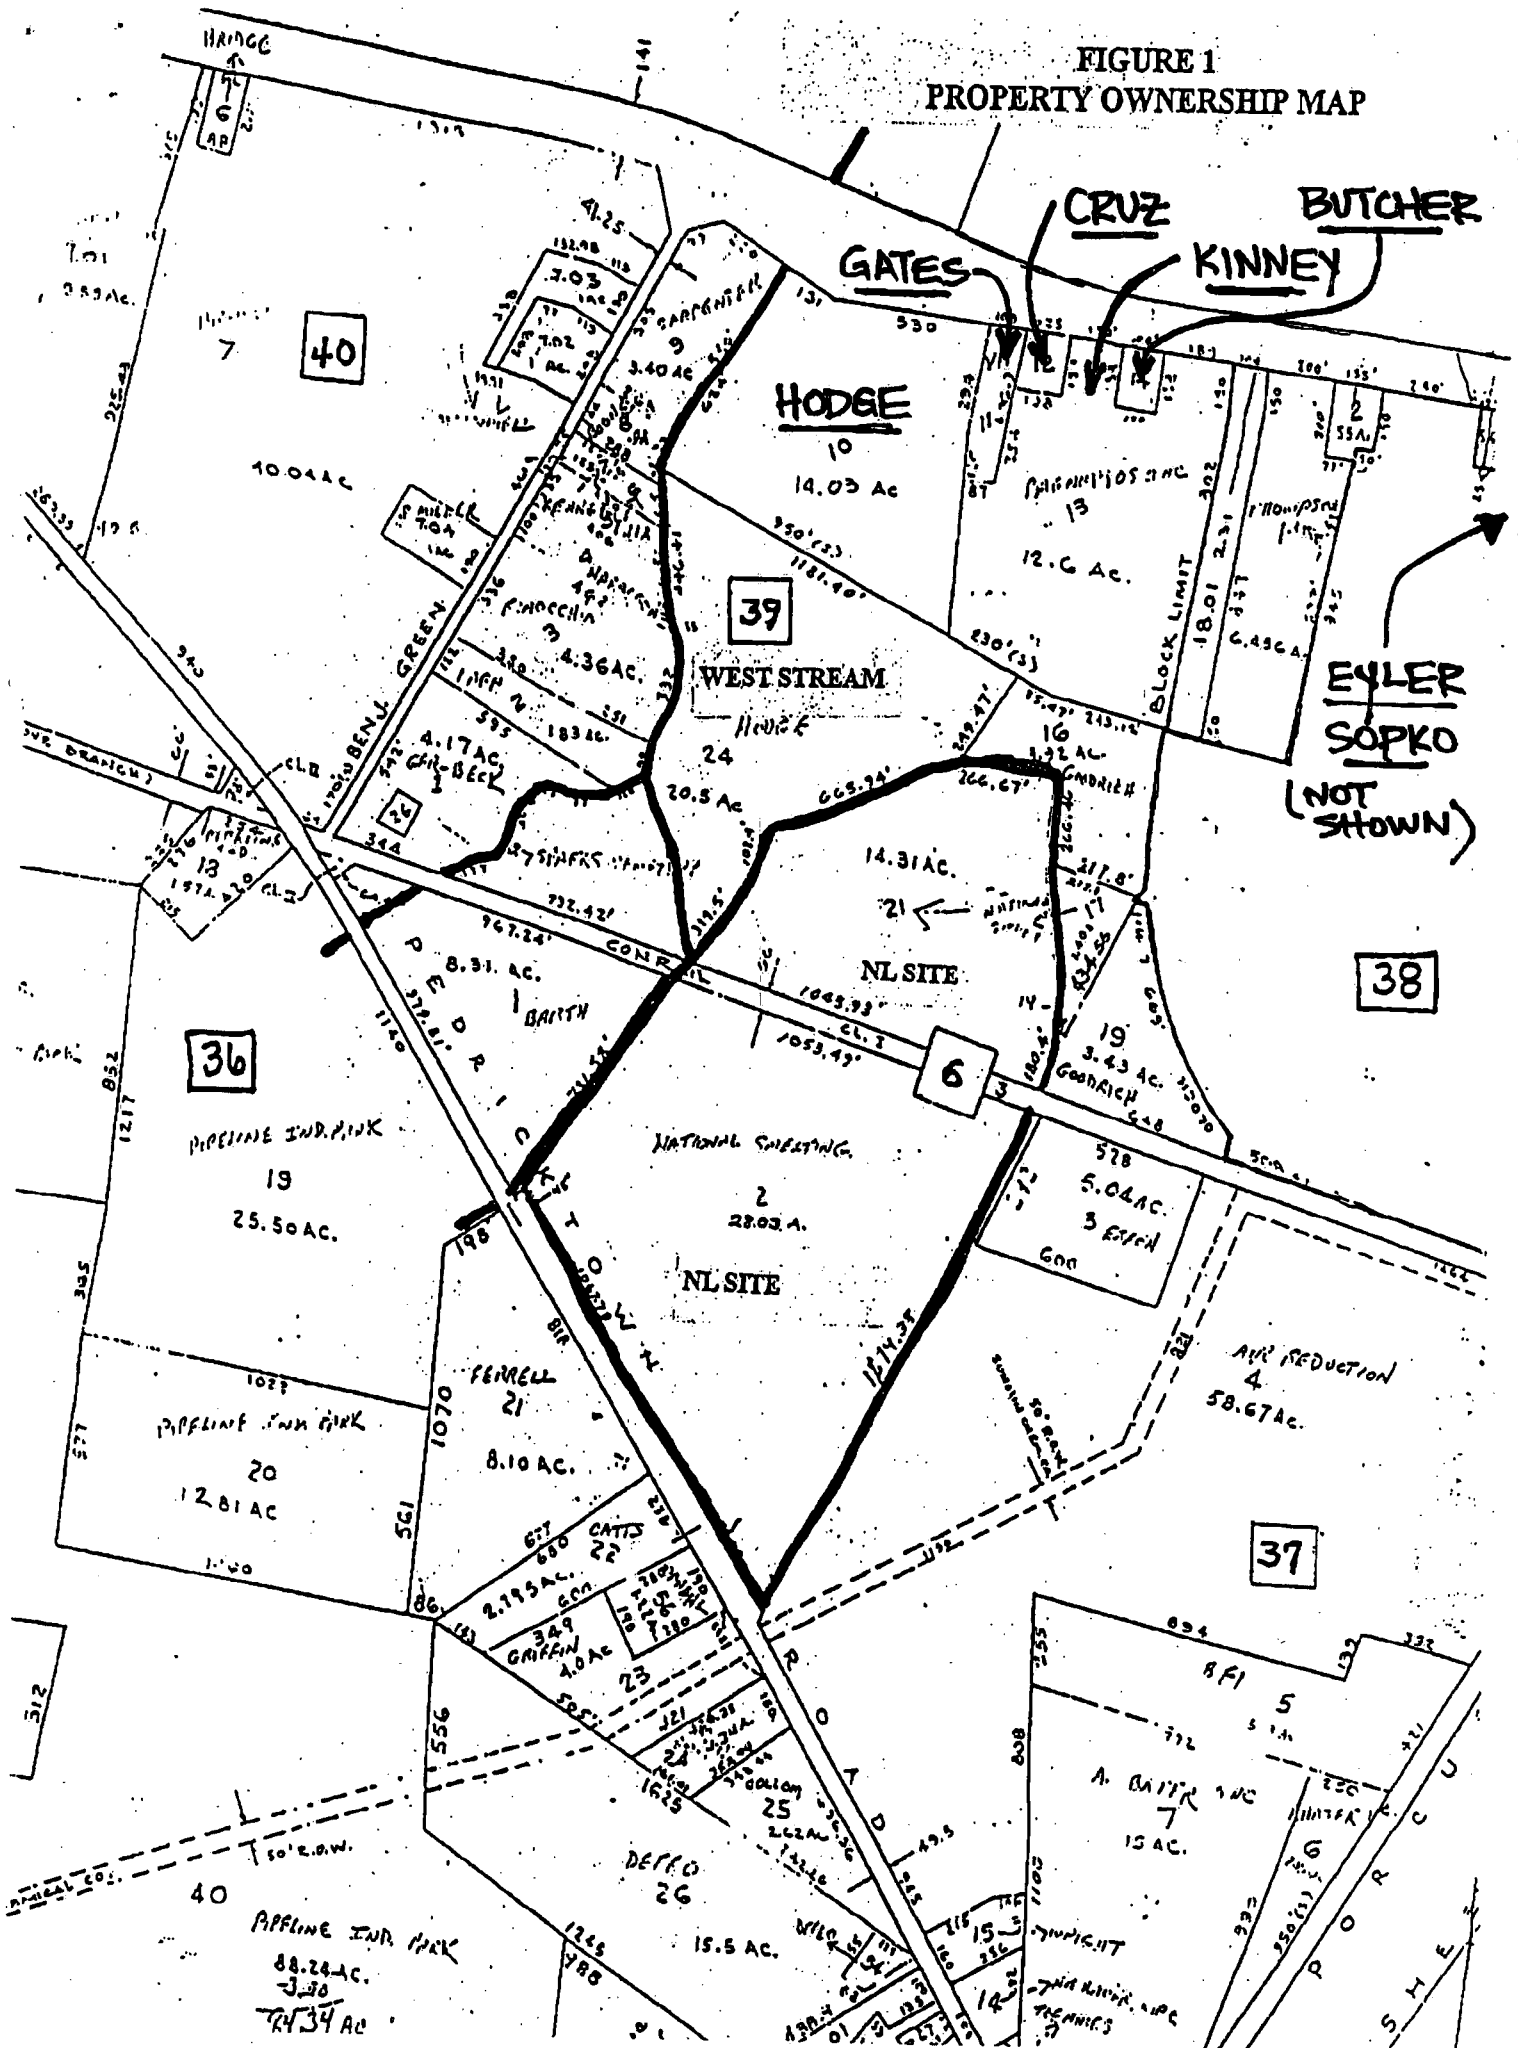

CSI was unable to collect a groundwater sample at the Kinney residence because access was not provided. Sketches showing the locations of the properties are attached.

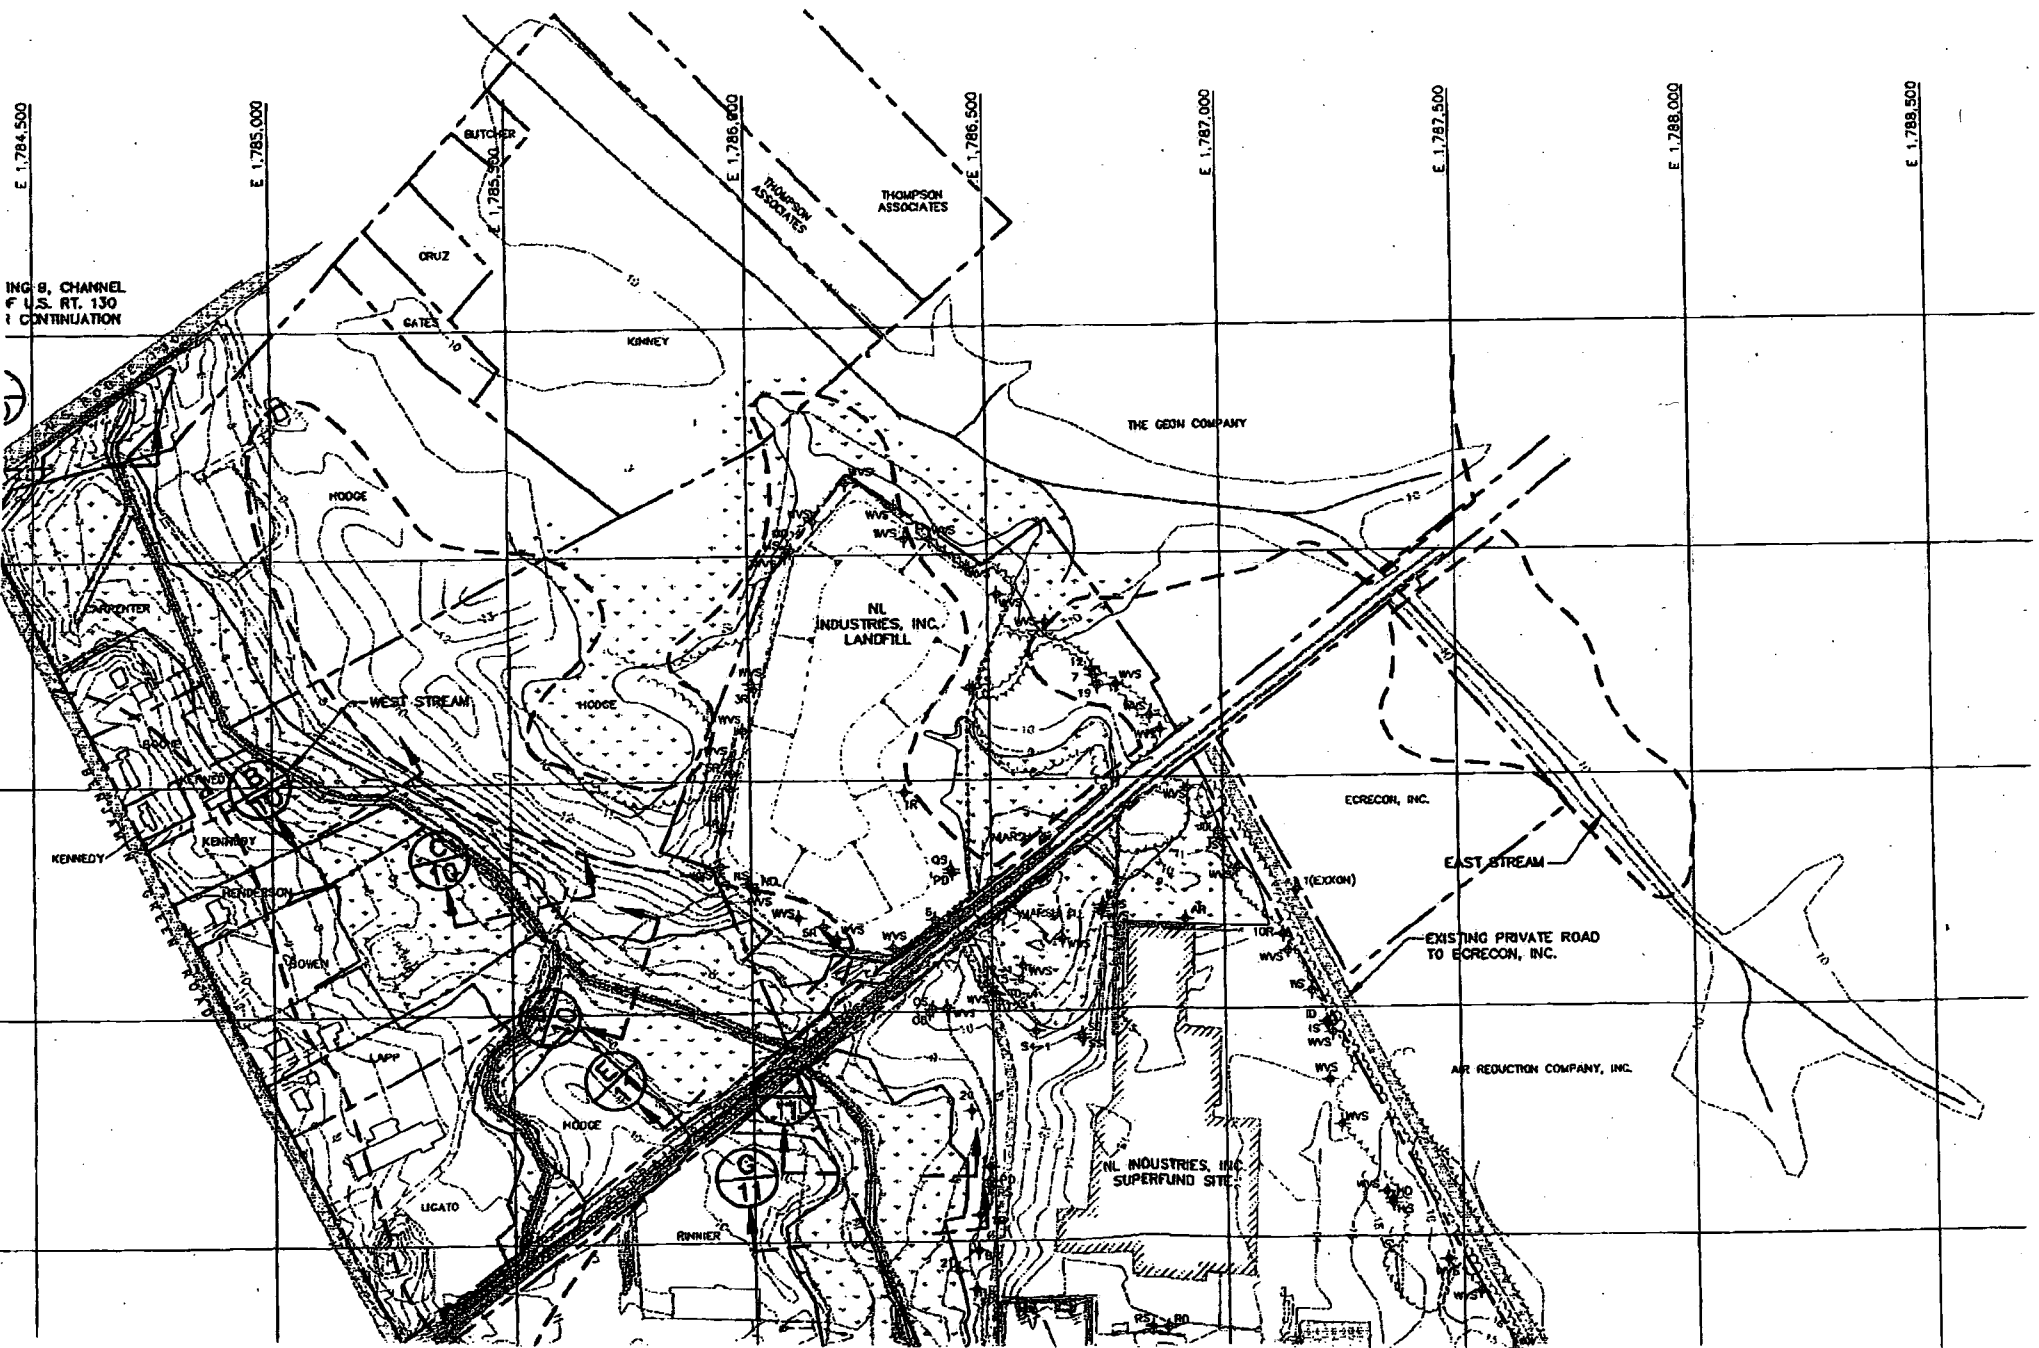

I will call you to discuss this information. Thank you.
